Hackathon 7

## Live deployment and post launch practices

Enviroment variable security configure

SSl aur HTTPS enable

Performance optimization

```
{product.image ? (
    <img
        src={product.image}
        alt={product.title}
        className="w-full h-full object-cover"
    />
) : (
```

Monitoring and analytic tools

Setup sentry in sentry.config.js

```js
src > JS sentry.config.js > [@] <unknown>
1    const {withSentryConfig} = require("@sentry/nextjs");
2
3    const moduleExports = {
4
5    };
6
7
8    const SentryWebpackPluginOptions = {
9        silent: true,
10
11   };
12
13   module.exports = withSentryConfig(moduleExports, SentryWebpackPluginOptions);
```
